## A Presentation for Service Providers and Community Advocates

### Learn about Georgia's expungement law and how to assist your clients who have records

- What is eligible for expungement in Georgia
- How employers and housing providers can use criminal record information
- How to help clients navigate a job search if they have a record

### Learn about efforts to expand Georgia's law

- Second Chance for Georgia Campaign
- Hear research on how expanding expungement increases employment opportunities, reduces recidivism, increases public safety & helps employers hire talent without liability concerns

### Find out how our upcoming Expungement Summit will help your community

- Streamline the process and reduce or waive fees for applying for record restriction (expungement)
- Your clients will learn about what can be done about their record and what other remedies they may have if they are not eligible under the current law
- Attorneys will be onsite to consult with people about their record, free of charge
