

# In-person Community Training Event

## NARCAN SAVES LIVES

Narcan can temporarily reverse an opioid overdose.

## Overdose Prevention & Narcan Training

**Date:** Wednesday November 10, 2021

**Time:** 4:00 PM

**Location:** SafeHouse Sanctuary  
2101 Hamilton Road Columbus, GA 31904

# Don't be faked out.

Knock-off pills sold on the street or online contain the deadly substance

## fentanyl.

## Never let someone "sleep it off"

Look for these signs of overdose early to save your friend's life.

Won't wake up

Cold skin

Slow or no breathing

Blue lips or nails

Tiny pupils

Gurgling or snoring

### Be ready to help your friends.

If you think someone is overdosing, keep them awake and call 911. Neither you or the person overdosing can be charged for drug use or possession.
