

Certified Maintenance Employee (CME) Training & Certification

“Position Yourself for Competitive Employment in the Hospitality Maintenance Industry.”

Goodwill, in partnership with The American Hotel & Lodging Educational Group (AHLEI), is offering a comprehensive training and certification program to prepare you for a career as a certified maintenance employee (CME) in **30 days or less**. This comprehensive program provides a thorough understanding of a maintenance worker’s duties & primary job functions. Candidates who complete the program and pass the certification exam receive a certificate and global recognition for their accomplishment. The certification is also **transferrable within any business that utilizes maintenance services**.

TOPICS COVERED BUT NOT LIMITED TO:

- Becoming knowledgeable of the importance of OSHA and local safety regulatory agency guidelines
- Understanding local regulations regarding heating, venting and air conditioning
- Exhibiting working knowledge of maintenance role in security and safety of property and guests

*The Certified Maintenance Employee (CME) certification meets the requirements for stackable and portable credentials for the Workforce Innovation & Opportunity Act (WIOA). Ask us about our free information sessions to learn more & get started **TODAY!***
